The City Council met in pursuant to call to consider the matter of A temporary Bridge Across the Break in the Electric Light dam the was washed Out Present President Insley Mayor Parker Solicitor Miles And councilmen Lucas, Coulborne, & Downing,

The following was received from the light Co
Mayor & Council of Salisbury ,Md
Salisbury Md

Gentlemen :

After conference with your City Engineere, Mr Dryden, regard ing A temporary bridge across the gap in dam on Isabelle Street, We have agreed with Mr Dryden, as A matter of Expediency, that we will contribute one half the cost of A Temporary bridge at this site, It being understood that this id A matter of Civic interest and pride with us and in no manner obligates us to assume any responsibility with resoect to the break or the futute operation of the structure,

Very Truly Yours,
EASTER SHORE GAS AND ELECTRIC CO
C.O.Culver
GENERAL MANAGER,

The above was accepted by the council and the city solicitor instructed to send the following reply

Mr C.O.Culver General Manager
EAStern Shore Gas & Electric Co
Salisbury Md

Dear Sir

I Am instructed by the Mayor and council of Salisbury to accept on their behalf the offer of your company to contribute one half of the cost of constructing A temporary bridge across the gap in the dam omn Isabelle Street, The acceptance of the City is with the under standing that the City does not release any claims which it may have against your company, as a result of the washout which recently occurred at the dam, and does not obligate the City to assume any responsibility for the future maintenance of the bridge to be constructed ,

Very Truly Yours,

City Solicitor

On Motion the council authorized the city Engineer to contract for the building of A temporary Bridge Across the Gap in the dam Across isabelle street for the sum of Twentyseven Hundred dollars to be com pleted as early as possible,

CITY OF SALISBURY

SALISBURY, MARYLAND

October 16, 1926.

The Eastern Shore Gas & Electric Co.,
Salisbury,
Maryland.

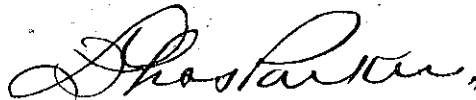

Gentlemen:

At a special meeting of the Council of Salisbury held today, your offer contained in your letter of the 16th inst. with respect to the Isabella Street Mill Dam property was unanimously accepted by the Council and I was instructed to notify you of its acceptance.

Both the Council and I appreciate greatly the generosity and spirit of your offer, prompted, as it evidently was, by your very genuine interest in the welfare of the City of Salisbury.

I wish also on behalf of the citizens of Salisbury to take this opportunity of expressing to you their appreciation of this splendid example of civic interest and pride on the part of your Company.

Very sincerely yours,

MAYOR.

EASTERN SHORE GAS & ELECTRIC COMPANY

GENERAL OFFICES

SALISBURY, MARYLAND

MANAGEMENT

GENERAL ENGINEERING & MANAGEMENT CORP.

NEW YORK CITY

G. O. OLIVER, GENERAL MANAGER

October 16th, 1926.

Mayor & Council of Salisbury,
Salisbury, Maryland.

Gentlemen:-

RE: ISABELLA STREET DAM.

Confirming the several informal conversations between representatives of your body and of our Company, with respect to the above entitled matter, we desire to state that since the Isabella Street dam broke in July and resulted in the emptying of Johnson's Mill Pond, our Company has given the ultimate solution of the dam and pond problem the fullest consideration. So far as our Company is concerned, the water power which might be obtained from the mill pond has no practical value, and consequently, there is no investment inducement for us to restore the dam to its former condition. However, our Company is vitally interested in the continuance of Salisbury's growth and in the removal of any cause which might possibly affect the health of its people. Furthermore, we are aware of the comfort and beauty which Johnson's Mill Pond has afforded Salisbury during the long period of its existence, and of the concern its present condition has given you and the people of Salisbury.

Though our Company could not fairly be expected to restore the dam when to do so would result in no practical value to us, nevertheless we desire to see the needs and wishes of the people of Salisbury in that respect fulfilled and we are willing to contribute liberally to the accomplishment of that object if your body will undertake the work.

Accordingly, we have decided to offer the Mayor & Council of Salisbury a deed for all our Company's right, title and interest in the Isabella Street Dam and our mill pond property lying north thereof, and to contribute towards the costs of replacing the break in the dam and of restoring the pond the sum of \$5,000.00 in cash, subject only to the following conditions: (1) We reserve two small parcels of highland on the East and West sides of the pond and adjoining Isabella Street on the North, as pointed out by me today, and required by our Company as locations for switching stations, (2) when the dam is reconstructed the water in Johnson's and Naylor's Mill Ponds shall never be used for the generation of electric light, heat or power, (3) we shall be permitted to maintain poles and transmission lines across the Isabella Street Dam, and (4) we shall be permitted to maintain poles and transmission lines over any of the property to be deeded to the City in the same general locations as such poles and lines now exist or may become necessary.

In offering the people of Salisbury the above proposition, our Company feels that it is entirely fair, and it hopes that the offer may be considered as a token

MECofS-2-10-16-26.

of its interest in the City of Salisbury and its people, as well as of its appreciation of the fair dealing it has always enjoyed at the hands of your body and the people of the City.

If the above proposition is acceptable to you and you will advise us to that effect, we will have the necessary transfer of the property made and the sum of \$5,000.00 paid into your Treasury promptly.

Yours very truly,

EASTERN SHORE GAS & ELECTRIC COMPANY

F. N. Lawton

By F. N. LAWTON
General Manager.

City Hall December 2nd 1926

City Council met in Special Session December 2nd 1926 with the following present Mayor Parker, President Insley Councilmen Coulborne, Lucas, Waller & Downing. *Mr. Claude Baily representing solicitor Mule*

The matter for which the council was called for was the consideration of opening A street across the Pen Tracks called Hazel Ave, and the residents was represented by Several present and Mr A.M. Jackson Spokesman, and after the matter had been thoroughly discussed the council adopted unanimously the following resolution ,

Resolved by the Mayor & Council of Salisbury that in their Opinion there is no sufficient public demand for A Railroad Crossing at either Hazel Ave or North Boulevard over the tracks of the N.Y.P.&N. R.R. connecting Camden Ave with south Division St. to justify the expenditure of the sum of money necessary to build an overhead crossing, A grade crossing at either of these points being considered entirely too Hazardous for the general public, Unanimously Adopted by the council.

Wade H Insley President

E.J.C. Parsons Clk
